

DocMind Enterprise Service Level Agreement (SLA) - Page 1

1. Monthly Availability Commitments

DocMind guarantees a 99.99% monthly uptime SLA for Mission-Critical Enterprise Tier accounts. Business Standard Tier accounts receive a 99.5% monthly availability commitment.

2. Service Credits for Outages

If monthly uptime falls between 99.0% and 99.9%, customers receive a 10% monthly service credit.

If monthly uptime falls below 99.0%, customers receive a 25% monthly service credit.

Credits are applied against the subsequent billing cycle.

Incident Response Classifications - Page 2

Severity 1 (Critical Outage): Complete loss of service or vector indexing for all users.
Initial human response target: 15 minutes. Updates every 30 minutes.

Severity 2 (Major Degradation): Core API functional but experiencing elevated latency or degraded retrieval.
Initial human response target: 2 hours. Updates every 2 hours.

Severity 3 (Minor Defect): Administrative UI defect or non-critical formatting bug.
Initial response target: 1 business day.

Maintenance Windows & Scheduling - Page 3

Scheduled weekly infrastructure maintenance is conducted Sundays between 02:00 UTC and 04:00 UTC. Customers must be provided at least 72 hours advance written notification prior to scheduled maintenance. Downtime occurring during approved maintenance windows is excluded from monthly uptime calculations.
